Agenda

1. Why did we design our project ?

2. What is My Design?

3. My Design and Business.

4. Technologies & packages

5. Demo

Problem :

- *The Minya governorate contains many tourist places and monuments that many people do not know about*
- *Our goal is to stimulate domestic tourism in Minya Governorate and facilitate tourism visitors*

Solution:

- *Creating a site to stimulate domestic tourism in Minya Governorate and increase the number of visitors to it*
- *Facilitation for a tourist to book a hotel, a car, a trip, or one of them, and the possibility of online payment*

Our Features:

- *Reservation of tours inside Minya*
- *Reservation of cars to transport inside Minya*
- *Reservation of hotels inside Minya*
- *CMS store for gifts*
- *payment gateway for CMS /EX: PayPal*
- *And register by Facebook and Google*
- *Dashboard to control*
- *Confirm email after registration*

TECHNOLOGY :

1- HTML5

2-CSS3

3-BOOTSTRAP

4-JS , JQUERY

5-LARAVEL

6-BLADE PHP

7- MYSQL

8-GIT

Technical Obstacles

- *contracting with service providers*
- *Multi user authentication system*
- *Handle Payment gateways*
- *Deployment*
- *Testing*

Design and Business

Strengths :

creative idea

Weaknesses :

Make users trust using with the site

Design and Business Opportunities:

Minya governorate really needs a new way to market its historical and tourist attractions, but in an advanced way that keeps pace with the times.

Threats :

The effect of the curfew on tourism

Packages :

- ***anlutro/l4-settings***
- ***guzzlehttp/guzzle***
- ***laracasts/flash***
- ***livewire/livewire***
- ***paypal/rest-api-sdk-php***
- ***spatie/laravel-activitylog***
- ***spatie/laravel-permission***
- ***stripe/stripe-php***

Architecture Design

- *Admin*
- *User*

User

- *Login*
