1. Problem

The Minya governorate contains many tourist places and monuments that many people do not know about Our goal is to stimulate domestic tourism in Minya Governorate and facilitate tourism visitors

2. Solution

Creating a site to stimulate domestic tourism in Minya Governorate and increase the number of visitors to it

Facilitation for a tourist to book a hotel, a car, a trip, or one of them, and the possibility of online payment

3. Technical Obstacles

- contracting with service providers
- Multi user authentication system
- Handle Payment gateways
- Deployment
- Testing

4. Industry and Market Risks

SWOT Analysis			
STRENGTH	WEAKNESS	OPPORTUNITIES	THREATS
<ul style="list-style-type: none">• Minya governorate possesses unknown tourist attractions and places• Many unknown domestic tourism companies need greater opportunities in marketing and support, and this is what the site provides	<ul style="list-style-type: none">• competitive industry	<ul style="list-style-type: none">• This is the first internal tourism website in Egypt to be specialized in one governorate and provide this service to companies and customers	<ul style="list-style-type: none">• Convince companies and Policies to register in the application

5. Budgetary Risks

Deployment expenses

6. Software

→ Backend :-

- ✓ PHP -> laravel framework
 - Authorization Technique
 - Artisan
 - MVC Support
 - Database Migration
 - Blade Templating Engine

→ Frontend:-

- ✓ HTML
- ✓ CSS
- ✓ JavaScript
- ✓ Bootstrap
- ✓ blade.php
- ✓ Jquery

→ Database:-

- ✓ MySql

7. Milestones and Reporting

Milestone	Tasks
1 - Analysis	<p>Analysis and design stage, gather data and create system mockup</p> <p>Architecture design</p> <p>Design work plan (distribution of tasks to development teams)</p>
2 - Development	<p>Create database</p> <p>Create migrations and seeds</p> <p>Registration</p> <p>User Roles</p> <p>Authentication (Middlewares)</p> <p>Permissions</p> <p>Adding Tours and Cars and Hotels</p> <p>CRUD on Cars</p>

	CRUD on Tours
	CRUD on Hotel
	Home Page
	User Profile Update
	Adding credit cards payment
	Latest Tours , Cars , Hotels Page Using Query Bulider
	Likes system for Admin
	Verify Email, Forget Password
	Filters in design list
	Search by tag or category
	Admin Dashboard
	Add>Edit>Delete Tours OR Hotel Or Cars
	Update Tours OR Hotel Or Cars
3 - Testing	
	Alpha testing
	Open Beta (volunteer employees)
	Finalise documentation
4 - Deployment	
	Deployment on server

How it works?

Intro page

User must register to access the reservation

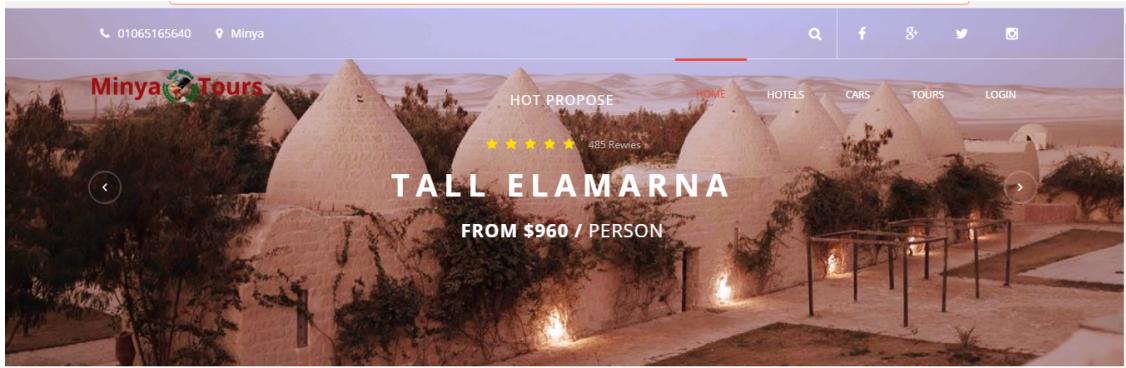

After registration and the possibility of the booking

Hotel Page User can browse Hotels

The screenshot shows a web browser window for 'Minya Tours' at 'localhost:8000/hotels'. The header includes a phone number '01065165640' and location 'Minya'. The main content features a large banner with the text 'SEE TOURS IN MINYA' over a night scene of a bridge. Below the banner are three hotel thumbnails: 'PIONEER HOTEL' (FROM \$60), 'HOLY FAMILY HOTEL' (FROM \$70), and 'OMAR EL KHAYAM AL MINYA HOTEL' (FROM \$80). Each thumbnail includes a star rating and a 'PHOTOGRAPHY' link.

User can Booking hotel

The screenshot shows a web browser window for 'Minya Tours' at 'localhost:8000/hotels/4'. The header is identical to the previous page. The main content shows a 'HOTEL DESCRIPTION' tab selected, followed by 'DETAILS', 'REVIEWS', and 'BOOKING'. The 'BOOKING' section is expanded, showing a 'HOTEL SELECTION' form with 'Check In' and 'Check Out' date inputs. A red 'CONFIRM BOOKING' button is at the bottom. Below the booking form is a line of text 'IF YOU HAVE ANY QUESTIONS' with a red upward-pointing arrow icon.

BEST TOUR FOR YOU

we introduce to you the best offer of tours , take care these offers will be ended at any time

Tours page User can browse tours

A screenshot of the Minya Tours website showing a tour listing. The header is identical to the previous screenshot. The main content features a photograph of a street scene in a Middle Eastern town with a blue car parked in the foreground. To the right of the photo is a map showing the location of 'Al Minya Hotel' in 'Omar El-Khayam Al...'. Below the map, there's a section titled 'POPULAR TOURS' with two items: 'TONA ELGABL' and 'ROSE AL-YOUSSEF', each with a small thumbnail image and a price of '\$273 / PERSON'.

Cars page

Admin Dashboard

A screenshot of the Admin Dashboard. The left sidebar has a "Minya Tours" logo and a list of management options: Front End, Manage Settings, Manage Category, Manage Posts, Manage Hotels, Manage Tours, Manage car, Manage Guides, Manage Users, Manage Permissions, Manage Roles, and Manage Media. The main content area is titled "Edit Profile". It contains fields for Name (Admin), E-mail (admin@email.com), Phone number, Photo (with a "Choose Logo" button), and Password/Confirm password fields. A search bar and a user icon are also present.
